Dear Sirs,

Re: 12c Collie Smith Drive, Trench Town – Lease Agreement

We write to familiarize you with the operations of Operation Restoration Limited. We are a non-profit organization which operates a remedial school and other community programs from the property at 12c Collie Smith Drive, Trench Town, Kingston 12. The remedial school which is known as Operation Restoration Christian School offers children ages 12-17 years the opportunity to develop and strengthen their literacy and numeracy skills in order to be reintegrated to the regular school system by sitting the Grade Nine Achievement Test; older students enter a skills training program.

As you may know, the community in which the school is situated is economically depressed. Most students are hardly capable of affording their school fees. However, despite our financial struggles, the school has been very successful at improving the life outcomes of both its students and staff for almost two decades. In fact we will be celebrating 20 years of existence this year. During this time the school has had many achievements and has had the privilege of witnessing many success stories. The organisation itself has constantly sought to provide relief and a sense of dignity for those residents in the community that have a difficult time coping with the social and economic hardships that they face. Back-to-school fairs, feeding programs, after-school homework programs, free summer school programs, birthday parties, women’s support groups are just a few of the initiatives that have sprung from our doors at 21c Collie Smith Drive.

We have attached the school’s brochure and two of our newsletters for your perusal. You can also visit our website at www.operation-restoration.org and our facebook page www.facebook.com/ORCSJamaica.

Yours faithfully,

Pastor Bruce Fletcher
